

SAN2020 - Presenting Authors Channels List

On the Slack platform:

- You should upload your poster in PDF format in the personal channel that has been assigned to you.
- We recommend also uploading, in your slack channel, a short (around 5 minutes) audio or video presentation of your poster (in Spanish or English). This is optional, and will provide attendees with a guided presentation of your work, accessible before the live poster session.

Please, find yourself in the following list and get your corresponding Slack Channel Link (the form on the SAN2020 site will ask you for your link). You can upload your poster on your slack channel, alongside a short audio or video presentation of your work. Using this platform participants can ask questions and interact with the author via chat. Starting October 1st, every attendee will be able to browse the posters on Slack and on the SAN2020 website.
